Description of Project and LEA's Preliminary Determination

The Twentynine Palms Transfer Station is located at 7501 Pinto Mountain Road in an unincorporated area of San Bernardino County, approximately five miles east of the City of Twentynine Palms, south of State Highway 62. On October 24, 2008 the LEA received, from San Bernardino County Solid Waste Management Division, a Solid Waste Facility Permit (SWFP) application package to amend the TPR to revise figures 1 thru 5 and appendices A thru F in the TPR, revise the equipment list to include a baler and the existing ancillary equipment, and reformat TPR sections for regulatory consistency. No other changes to the SWFP are under consideration at this time.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on November 21, 2008.
